## International Conference On Application of Civil Engineering in Agriculture ACEA- 2025 (Hybrid Mode)

**4<sup>th</sup> to 6<sup>th</sup> December 2025**

<https://acea2025.iests.ac.in/>

*Organised by*

**Department of Civil Engineering,  
Indian Institute of Engineering Science and  
Technology, Shibpur, (IEST Shibpur), Howrah, West  
Bengal, India**

## ABOUT THE INSTITUTE AND DEPARTMENT

Established in 1856 as the Bengal Engineering College, the Indian Institute of Engineering Science and Technology (IIEST), Shibpur, has evolved into an Institute of National Importance under the NITSER Act. Nestled along the banks of the Hooghly River in Howrah, adjacent to Kolkata—India's third-largest city and the main hub of Eastern India—the institute boasts a rich history of academic excellence.

**The Department of Civil Engineering IIEST Shibpur**, as old as the institute itself, has significantly contributed to global civil engineering advancements, influencing the establishment of various IITs and NITs across the country. Offering undergraduate, dual degree, postgraduate, and doctoral programs across five major specializations—Structural Engineering, Geotechnical Engineering, Transportation Engineering, Water Resources Engineering, and Environmental Engineering—the department has produced distinguished academicians, researchers, and engineers. An international conference at IIEST Shibpur provides an unparalleled opportunity to engage with a legacy of innovation and leadership in Civil Engineering.

## ABOUT THE CONFERENCE

Since the advent of human settlements, Civil Engineering and Agriculture have been fundamental in shaping societies. Civil engineering's role in agriculture encompasses the development of transportation infrastructure, logistics, road safety, efficient irrigation systems, watershed management, river basin planning, flood control, erosion prevention, and sustainable groundwater utilization, all crucial for enhancing agricultural productivity. India has recently initiated schemes as Gati Shakti, e-NAM, PMKSY, Atal Bhujal Yojana, Jal Shakti Abhiyan, Bharatmala, and Sagarmala that are driving advancements in agricultural logistics, water accessibility, and rural connectivity.

The **Application of Civil Engineering in Agriculture (ACEA)** conference provides a timely platform for experts, industry leaders, scientists, and academicians to converge and explore innovative solutions in these domains. Featuring six technical sessions, dedicated industry segments, and a panel discussion, the conference aims to foster collaborations and set future research directions in agricultural infrastructure and resource management.

## CONFERENCE THEMES

- ❖ Transportation Accessibility and Rural Connectivity
  - ❖ Water Resource Management for Agriculture
  - ❖ GIS, Remote Sensing, Disaster risk assessment and Data-Driven Decision Making pertaining to rural areas
  - ❖ Agri-Logistics, Supply Chains, and Post-Harvest Transport
  - ❖ Sustainable Land and Water Use Strategies
  - ❖ Soil Stabilization and Structural Engineering in Agriculture
  - ❖ Impact of Infrastructure on Agriculture
- Best paper will be awarded for each theme.***

A young researchers' poster symposium is also planned.

## CALL FOR PAPERS

Researchers and professionals are invited to submit original scientific works relevant to any of the seminar themes through the conference portal before the submission deadline. Manuscripts must adhere to the specified format, with a maximum length of 10 pages, an abstract of 250 words, and up to 5 keywords, as detailed on the website. All submissions will undergo a blinded peer-review process before the conference.

<https://cmt3.research.microsoft.com/ACEA2025/Submission/Index>

## PUBLICATION

**Abstract booklet of all registered papers will be published as ISBN booklet. Selected papers from the conference will be recommended for publication in SCI-indexed proceedings, and authors will be informed of this decision post-conference. Presenting in the conference is mandatory for this.**

## IMPORTANT DATES

Call for papers	15 <sup>th</sup> May, 2025
Last date of submission	31 <sup>st</sup> July, 2025
Declaration of review results	10 <sup>th</sup> September, 2025
Early bird registration	30 <sup>th</sup> September, 2025
Conference dates	4 <sup>th</sup> to 6 <sup>th</sup> December, 2025
Decision of Scopus indexed proceedings	15 <sup>th</sup> December, 2025
